# RCSI PAST PERFORMANCE

**RCSI is committed to excellence and creating innovative solutions for our Federal Government clients,** continuously striving to deliver an outstanding service experience and surpass client's expectations. Our collective knowledge and experience provide leadership and strategic direction, and our continued commitment to quality control distinguishes us.

**Consumer Financial Protection Bureau (CFPB)** – RCSI is leading a **prime contract** with Consumer Financial Protection Bureau (CFPB), delivering comprehensive Mobility Engineering Services that expand Mobile Device Management (MDM), Mobile Applications Management (MAM), and Enterprise Mobile Management (EMM) capabilities. The contract includes integration, engineering, and O&M support for mobile devices, apps, and SaaS services. RCSI also established two enterprise PMOs, developed project management standards, and created tools for managing inter-related portfolio programs, aligning CFPB's IT strategy with organizational goals.

**Department of Homeland Security, Customs and Border Protection (CBP) -** RCSI is executing **two prime contracts** with CBP, providing Strategic Communications Services for the Office of Public Affairs (OPA) and a Media Publishing, Analytics, and Listening Subscription Tool, both of which enhance CBP's communications and media insights. As a subcontractor, RCSI also developed and maintained CBP's Internal Affairs Business Application (CAPS) using agile methodologies. Additionally, RCSI supported the Polygraph Case Management System (PCMS) Program, streamlining case management and ensuring compliance with federal investigative and judicial regulations, while also offering Section 508 guidance and support.

**Department of Homeland Security (DHS)/Transportation Security Administration (TSA) -** Under a **prime contract,** the RCSI Team providing administrative and technical Communications, Correspondence and Engagement Support (COMMS) of the Operations Support Communications and Correspondence Teams (OS-CCE). RCSI use methods based on CMMI Level 3 standards; driven by ITIL Best Practices; that compliant with ANSI, IEEE, and Project Management Institute (PMI) standards and guidance for better project management.
